

MOTO CLEAN UNIVERSAL

Biodegradable universal motorbike cleaner

Description

MOTO CLEAN UNIVERSAL is an environmentally neutral, quick and thorough universal cleaner for cleaning motorbikes, mopeds, bicycles and small power tools, etc. The optimised water-based formula is biodegradable and environmentally friendly. MOTO CLEAN UNIVERSAL provides quick and extremely thorough cleaning. It is concentrated but can also be used in diluted form. The cleaner can be applied sparingly with the spray gun and the nozzle can be adjusted with two settings for either a direct jet or a fine spray.

Product features

- More intensive cleaning effect, better penetration and optimised adhesion
- Very good compatibility with rubber, plastics and metal
- Spray head with three functions: direct jet, fine spray and "STOP" for closed nozzle
- Ready to use but can also be diluted
- Pump spray bottle can be reused multiple times with the 5-litre refill

Application

Adjust the spray nozzle from "STOP" to a direct jet or fine spray • When the motorcycle is cold, spray from a distance of approx. 50 cm, allow to take effect (max. 3 mins) and then rinse off with plenty of water • If necessary, use a sponge or MOTOREX brush on very dirty areas • Do not apply in direct sunlight • Do not leave to dry • If in doubt, test on a non-visible area to check compatibility

Dosage

MOTO CLEAN UNIVERSAL is ready for use and does not need to be diluted. For small amounts of dirt, MOTO CLEAN UNIVERSAL can be mixed with water and used as described above.

Technical Data

Properties	Test according to	Unit	Values
Colour			green
Density at 20 °C		g/cm ³	1.013
Odour			Orange
pH-value	DIN 51369		9.4
